Removing Classified Content

You can remove the classified items from classes.

Required access roles:

- Baseline: Leader, Author

1. Open a class.

2. Select the classified item that you want to remove.

3. Click ![trash icon] **Remove Content** from the IP Classify and Reuse menus.

4. Click **OK**.

The classified item is removed.

Note: The item is not deleted from **3D**EXPERIENCE.
